Only One Case of Typhoid Fever Reported in Marion This Year, Official Reports

Improved Sanitation, Better Water and Pasteurized Milk Among Chief Causes of Eliminating Disease, Dr. Weiser Informs City Board

A case of typhoid fever has been reported in Marion so far this year, a report made by Dr. Weiser, city health commissioner, at a meeting of the city board of health yesterday afternoon.

Weiser stated that the number of deaths now resulting annually in the United States from the disease is about one-fifth in comparison to the number 20 years ago. Less than 20,000 persons succumb to the disease each year now, while 20 years ago more than 50,000 victims were reported, Dr. Weiser said.

Causes of Improvement.

This change, according to the health commissioner, has been brought about by preventative medicine, better food, water and immunity work by physicians and health workers. Another great factor in accounting for the change, he believes, is the fact that the various

cities of the country have better sanitation for the preparation of the milk supply.

"It is a well-known fact," Dr. Weiser said, "that several million typhoid germs may be included in one drop of milk but are easily destroyed when properly pasteurized."

According to the report given by Dr. Weiser for the month of August, four wells in the city, three on Henry st. and one at Garfield park, were inspected and condemned. Nine school buildings were examined and six restaurants investigated for sanitary conditions.

Eighteen visits for the investigation of complaints were made by Dr. Weiser during the month. Examination of 17 food handlers was held, two being rejected. Samples of blood of two food handlers for Wasserman examination were also taken.

ROMANCE COOLS

Mrs. Delphine L. Dodge, widow of James M. Dodge, 68, died at her home, 1212 E. 12th st., yesterday afternoon. She was born in Ohio and had been married to Mr. Dodge for 35 years. She was a member of the First Methodist church and was well known in the community.

WAR AGAINST WEEDS CONTINUED BY CITY

49 Orders Issued by Local Sanitary Commission During August

Evidence of warfare waged against residents of Marion permitting weeds to grow in the vicinity of their homes during August was revealed in the monthly report of C. M. Tobin, city sanitary commissioner, submitted to the board of health at the monthly meeting yesterday.

According to the report, 49 orders for the cutting of weeds in the city were issued by Commissioner Tobin. In addition to the orders for the weed cutting, five residents of the city were ordered to clean up their property and orders for garbage removal at 15 homes were made.

His open clatters in the city were ordered repaired during the month. Samples of water from nine wells in the city were sent to the state department of health for inspection and six samples from local milk dairies were taken to Dr. J. T. Gruber, meat and milk inspector, for investigation.

HEMORRHAGE FATAL TO MRS. L. B. BROWN

Funeral of Wife of Former Prospect Superintendent To Be Held Thursday

Prospect, Sept. 6.—Funeral services were held at 1:30 p.m. today for Mrs. L. B. Brown, 32, wife of L. B. Brown, former superintendent of the Prospect school, at the home of her parents, Mr. and Mrs. A. C. Long, 1117 E. 12th st., Delaware.

Mrs. Brown died at 8 o'clock Monday night at Jane Kane hospital, Delaware, of cerebral hemorrhage. She was taken suddenly ill while visiting at the home of Mr. and Mrs. C. F. Henry here, Sunday afternoon, and removed in the Drake ambulance to the hospital. Mrs. Brown and daughter, Betty Brown, who have been making their home in Cleveland, were visiting relatives and friends here for a short time.

Surviving with the husband and daughter are the parents and three brothers, Ross, Long, 221 Long and Allen Long, Columbus. Among those who attended the funeral were Mr. and Mrs. Brown and daughter, Larry Jane Brown, East Center st., Marion. Mr. Brown is a nephew of Brown Brown.

CITY HEALTH NURSE BUSY DURING MONTH

100 Calls Made in Various Cases Report to Board Members Shows

One hundred calls were made by Miss Mabel Hastings, city health nurse, in 34 medical, surgical and miscellaneous cases during August, according to a report submitted at the monthly meeting of the board of health yesterday afternoon.

Thirty-seven of the calls were made in 10 medical cases and 26 in 10 surgical cases. Two calls were made in one fracture case, six calls in five eczema cases, three calls in two wart cases, two calls in two tubercular cases, seven calls in two maternity cases and seven calls in two newborn cases.

Four patients were taken to the hospital for tonsil and adenoid operations and five patients were taken to the medical clinic. Instructive and investigation visits during the month numbered six, the report showed.

According to a report given for the month by Dr. J. T. Gruber, meat and milk inspector, 305 samples of milk were taken. Two hundred and fifty gallons of milk were condemned and one cow infected with mastitis, was eliminated from a herd.

NO FIXED RULE FOR MANAGERIAL SUCCESS

BY FRANK KENNE
MANAGERIAL success in baseball is not a fixed rule, no standard method for achieving it. John McGraw, Connie Mack, Miller Huggins, Wilbert Robinson, Ty Cobb, Tris Speaker, Hughie Jennings, Pat Moran, Fred Clarke, Rogers Hornsby, Frank Chance—these are among the great leaders of the last generation. How vastly different have been the tactics of that group. McGraw is all for telling his men what to do at all times. He does the thinking, the directing and he regards his men merely as human pawns on the chessboard of baseball.

BROWN UNIVERSITY TO HAVE VETERAN TEAM WITH 18 REGULARS

Iron Men Hope To Start Clean Slate This Season

Providence, R. I., Sept. 6—With 18 members of the 1927 varsity squad available, half of them letter men, Brown university football candidates will report for the first practice on Sept. 11. About 55 men are expected to report by Tuss McLaughry head coach.

Brown hopes to start a clean slate in football this year and to win back some of the prestige the Iron men earned two years ago when they defeated Yale, Harvard and Dartmouth and tied with Colgate and finished the season undefeated.

Brown will not play Harvard this year, interrupting a long series of games between the two colleges in which Brown showed exceptionally well. The Brown Bears will play Yale and Dartmouth again. A new foe this year will be Holy Cross. The early season game with Rhode Island will start things, and Colgate will be the Thanksgiving Day opponent. Other opponents to be met are Worcester Poly, Tufts, Dayton and New Hampshire. It is by far one of the easiest programs that Brown has had in recent years.

Among the men who will report from last year's team, are an entire set of backs, two tackles and two guards. They are Capt. Al Cornsweat, fullback; Jim and Bud Edwards, halfbacks; Ed Kovorkian and Louis Forber, guards and Harry Cornsweat and Nelson Munson, halfbacks.

AS CANDIDATES
Illinois To Start Grid Practice on Sept. 15
Champaign-Urbana, Ill., Sept. 6—Sixty-five players are listed on the University of Illinois football roster but issued and have been asked to report for the first practice session Sept. 15 when training for an interesting season which includes five Big Ten games will begin.

A count of the players reveals that 44 are from Illinois, although fourteen states are represented in all. Three candidates are from Missouri, two each from Massachusetts, Wisconsin, Indiana, Oklahoma, Ohio, and New Mexico, and one each from Minnesota, Kentucky, Michigan, Iowa, Idaho and Rhode Island.

J. J. Gordon, a tackle and letterman, of last season, is the tallest squad man at 6 feet, 4 inches while J. N. Huddleston, a guard, leads in avoirdupois with 245 pounds.

SOME RUNS
Out, Giants, (2); Edwin, Phillies; Collins, Yankees; J. Smith, Braves.
The Leaders—Ruth 47, Hank Williams 30, Bottomley 27, Gehrig 23, Harry 22, Bismontette 21.
League Totals — National 525; American 420.

LAST NIGHT'S FIGHTS
At New York — Roberto Roberti, Italian, heavyweight, won decision from King Solomon of Panama (10). Amado Grillo, of Italy, knocked out Frankie Cavanaugh, of Buffalo, N. Y., (1).

BUY VAN CAMP
Des Moines, Iowa, Sept. 6—Al Van Camp, of the Des Moines club of the Western league, has been bought by the Cleveland Indians. It was learned today. The first baseman will report to the Indians next spring.

Mack lets his men use their brains; encourages them to do their own thinking and much of their acting. Huggins is a driver, but he rebuffs that his men have common sense and, after working out a plan of battle in conferences with his team, he lets them go along on their own.

Chance a Driver
Chance was a driver but he had a smart ball club in the heyday of the Cubs and he permitted every man to do his own thinking.

Clarke who won three flags for the Pirates, drove his men, kept tabs on their habits, insisted upon observance of the golden rules for an athlete but after that he permitted them to play their own way—in keeping, of course, with the battle plan of the team.

Ty Cobb was what the players called a "cat." He was more insistent upon his own rules than was McGraw. Under Ty's leadership the Tigers never got anywhere in particular. Yet after Cobb vacated his successors accomplished less. So the failure of Cobb may be attributed more to lack of great material than to methods which destroyed the morale of his men.

Moran Never "Panned"
Pat Moran was a gentle, kindly soul, who wore out the palms of his hands patting his players on the back. No matter how much or how little they accomplished, Pat was always around with praise. He never "panned"—never condemned. If a man blundered, Pat told him to forget about it—and

helped the fellow forget by never mentioning it again.

Hughie Jennings drove his men, pepped them up, gave them a solid verbal abetting when he thought they needed it and was great for strategy directed by him. He permitted the men to think for themselves—if he thought they were smart ball players. But if he didn't, he became the brains for those particular men.

Up in Boston they had a fellow named Jack Slattery managing the Braves; a quiet, easy going fellow who never asserted his bossing powers. The club showed nothing under his leadership and they let him out and put in the aggressive Rogers Hornsby. "The man who won't stand for monkeying."

Hornsby Improves Braves
Hornsby had whined the Cardinals into a world's championship by methods much like McGraw's—stern, autocratic. He has used the same with the Braves, and he has done no better with them than did Slattery.

On the other hand, the easy going George Sisler couldn't get anywhere as leader of the Browns. He was called too lenient—just as Slattery was called too lenient with the Braves. The man who succeeded Sisler as chief of the Browns is a believer in discipline; he drives and directs and thinks for his men. Under his domination the Browns have played infinitely improved baseball.

And now we come to Wilbert Robinson. It always has seemed to me that

"Bobby" is the greatest manager in the history of the game; the wisest, the best judge of human nature and the one man who can get amazing results from the something that's called "rifle ball" in baseball.

Given Best Players
Through all the years that he has been leader of the Dodgers he never has had a ball club that was great or even near to greatness. Because the Dodge owners never could get into the habit of spending big money for players they usually gave Bobby nothing but a lot of junk as material for his team; ancient athletes obtained via the waiver route, men who were released outright by other clubs or green kids awarded from the lowly bushes.

Each season Robinson has had to start off with a team that looked like a 333 ball club and every point they scored beyond that, is testimonial to his genius as a leader. Twice he won pennants; a half dozen times he has been in the thickest of the battling.

And never once has he had a team that was rated at the beginning as being able to win more than one out of every three games.

What's his recipe—his secret?
Studied Each Player
"Every human is a little different from his neighbor," explains Robinson. "The trick is to study each fellow and find out the method that will make him give 100 per cent effort. I have to ride round my boys. Others I just run and scold at. Some I put on the back

I treat each in a way to get the best result just as a doctor treats each patient in a different way for different ailments.

"Of course, after that, I keep telling the gang that it's the best baseball gang in the world. They don't believe it in its entirety—but just the same they go into the game without the feeling that they are whipped before they start. I get 'em to thinking they are good and usually that makes 'em play a good game."

Play Is Fined
"So far as play on the field is concerned—well, we have a fixed scheme of battle. If a player is smart he can take liberties with that plan. If it's something that will help the club. But if the man happens to be a slow thinker

CERTAIN OF GAME

Official Acceptance of Army-Wesleyan Date Made in Letter

Delaware, Sept. 6—Ohio Wesleyan university's football team will meet the Army team on the gridiron in 1928. It was announced here today upon receipt of official acceptance by the West Point institution. Army's 1928 schedule as announced includes a game with the Battling Bishops on Nov. 23, the Saturday before Thanksgiving. No word was received as to whether the game would be played at West Point or New York, it was said.

I generally make him play strictly according to the program." There's no definite plan for managerial success as shown by the fact that McGraw, Mack and Huggins, the greatest leaders in the game, use tactics that are absolutely opposed to each other. But it always did seem to me that splendid results could be gained by studying each player, knowing his peculiarities and his whims and then handling him in such a way as to get 100 per cent effort from him.

WILL LET CONTRACTS

Work of Repairing Room for Mt. Gilad Bus Station to Start Soon
Mt. Gilad, Sept. 3.—Contracts for the repair of the bus station in the northwest corner of the public square here will probably be signed this week. The committee in charge of the matter from the Kiwanis club and the local council hope to have the bus station complete and in use by the time the Morrow county fair opens Sept. 10. This would remove the buses from Main street when stopping here and in handling the heavy traffic that week.

DR. W. G. CHENEY DIES IN HOSPITAL

Former Richwood Resident Succumbs Following Operation; Funeral Thursday

Richwood, Sept. 3.—Dr. W. G. Cheney, 55, died Monday night at 11:30 p. m. at the Bethesda hospital, Cincinnati, following an operation about 10 days ago. He was the son of Lower Anna Cheney, Richwood, deceased. Dr. and Mrs. Cheney were both born here and spent their entire life here until they were married about 30 years ago when they settled in New Boston. When they first came to New Boston, they were the only physicians in the town. Dr. Cheney was a successful physician and was also a member of the Ohio Medical Association. He was also a member of the Richwood church.

Surviving are three brothers, C. R. and Rush Cheney, Richwood; M. R. Cheney, Richwood; and Mrs. Cheney, Richwood. He is survived by his wife, Mrs. Cheney, Richwood, and his daughter, Mrs. Cheney, Richwood.

FARMER HARVESTS RECORD OATS YIELD

Average of 53 Bushels an Acre Obtained by Hardin County Man

Kenton, Sept. 3.—A bumper crop of oats, one of the largest in Hardin county, was harvested by John Neig, south of here, when he secured 477 bushels from nine acres, an average of 53 bushels to the acre.

Although the oats yield over the county was about the same, the quality was good, the grain testing from 32 to 38 pounds per bushel. This is the highest test locally in four years. The average was between 28 and 34 pounds. Some acreages, according to reports, yielding only an average of 20 bushels to the acre.

Mr. Neig plans to use his entire crop for feeding purposes. He explains the heavy harvest as due to choice ground and the liberal use of fertilizer.

Mt. Gilad Students Prepare To Attend Universities and Colleges

Mt. Gilad, Sept. 3.—Many students of last year are preparing to leave town this month to take up college work in various colleges. Among those that will attend college from this year's graduating class are: John Makers, who will attend Wesleyan university; John Matthews, Richard Wagner and James Thompson, Denison university at Granville; Esther Rhodebeck and Rachel Buck will attend a nurses' training class in Columbus; Barbara Oids will study at Miami university, at Oxford; Helen Hedrick will study music at Taylor university; Ward Shade will attend Denison college; Marjorie Turner plans to study at Ashland; Mary Ellen Baird will soon leave for Blackhawk; Herbert Matthews, who has been studying in business and commercial work at Blue this summer, returned this fall to complete his work.

CUT PROPOSED IN FARM TAX VALUES

Reduction To Be Considered at Meeting in Hardin County

Kenton, Sept. 3.—Plans looking forward to a tax reduction, primarily on agricultural lands, through possible reduction in farm values, are to be discussed Saturday at a meeting of the Liberty Township Farmers' Protective association in the Hardin county courthouse auditorium.

There is a possibility that the group will demand a reduction of from 10 to 20 per cent in values, it was said. "Farm lands now are selling for a price far below the listed valuation," an official of the association said today.

All taxpayers and especially farmers are invited to attend the meeting and join in the valuable discussion. S. C. Rubbel, association secretary, said in notices sent out today.

NEEDS FIRE ESCAPE

Bucyrus Library Has No Protection on Second Floor

Bucyrus, Sept. 3.—A resolution instructing City Auditor James Miller to draft necessary legislation to make possible the erection of a fire escape leading from the second floor of the public library, was accepted following the recommendation of Mayor Arthur Schuler at a meeting of the city council today night.

It was explained by members of the library association that unless some means of exit in case of fire were provided, as demanded by the state inspector, the second floor of the library would in all probability, be condemned for public use.

Two estimated bids for the construction of the fire escape were considered by the library group, the lowest of which calls for an expenditure of \$500, of which amount the library can supply but \$200.

BOARD MEETS

Bucyrus Hospital Board Plans Double Sale for Next Month

Bucyrus, Sept. 3.—Plans for a rummage sale to be held Oct. 18, 19 and 20 in the room recently vacated by the Miller Motor Sales at 236 South Sandusky st., were completed at the first full meeting of the Monnett Hospital board of lady managers, held yesterday.

A modern private room has been recently furnished by the board at the local hospital and the women expressed much delight with the comfort and convenience of it. One special modern feature of the room is the patients' bed with the nurses' bed underneath.

One hundred dollars received from Mrs. and J. J. Bliss, \$50 from Owan J. Monnett, of Los Angeles, and \$25 from George White of Los Angeles, were contributions used as a nucleus for the furnishing of the room.

GO TO ST. LOUIS

Waynes County Music Instructor To Teach in High School

Upper Sandusky, Sept. 3.—Prof. and Mrs. I. M. Snyder and family will leave Thursday for St. Louis, Mo., where Professor Snyder has accepted a position of general supervisor of music in the high schools of that city. He was chosen for the position from a list of 70 applicants.

Mr. Snyder claims the honor of having organized the first school band in Waynes county and the second rural school band in the state. He has been a resident of this city for the past three years, serving as music director of the Nevada, Eden and McCutcheon schools in this county and in the Meigs and Moral schools in Marion county. His Nevada-Eden band has been touring in various towns and at county fairs.

SIX LETTER MEN ON 1928

BUCYRUS FOOTBALL TEAM

Bucyrus, Sept. 3.—Equipment and uniforms were distributed to a small number of football candidates for the 1928 season at the first practice session at the Lane Street field Tuesday. More prospective members are expected to report for practice after the opening of school when the boys will have finished with their various summer employments. Six letter men are back this year headed by Captain Monnett. Bucyrus lost 10 letter men by graduation last year.

GALION PASTOR READS SERVICE FOR MARRIAGE

Galion, Sept. 3.—Announcement has been made of the marriage of Miss Wanda Stone of this city to Gerald Imhof of Ashland. The ceremony took place at the First Lutheran church here Saturday with Rev. O. C. Kramer officiating. Mrs. Fanny Keller, of Ashland, was the only attendant. Mr. and Mrs. Imhof will make their home in Ashland where the former is employed.

DISTRICT BRIEFS

BUCYRUS—According to a report made by City Health Commissioner Dr. W. G. Carls at the monthly Board of Health meeting Tuesday night, Bucyrus today entirely free of all contagious diseases.

ANDREW MADER DIES OF HEART TROUBLE

Services for Marysville Man To Be Held Friday Afternoon

Marysville, Sept. 3.—Andrew Mader, 60, prominent resident of Marysville, died at his home here, Tuesday night of heart disease and complications, with which he had been fighting for some time. He had been seriously ill since Sunday.

He was the son of Mr. and Mrs. George Mader, and was born in Darby Township Aug. 20, 1849. He attended St. John's Parochial school in the German man settlement. He was married to Miss Elizabeth Scheiderer April 20, 1871, and they were the parents of 11 children, none of whom survive.

Mr. Mader was engaged in manufacturing brick and tile here for many years. He later was engaged in farming, which occupation he followed until the time of his death. He was a member of Trinity Lutheran church of this city.

He is survived by his widow and the following children: Frank, Christopher and Lawrence Mader, Mrs. Margaret Weidman, and Mrs. Walter Graham, all of whom reside in Marysville; Walter Mader of Tampa, Fla.; Mrs. A. G. Kirby, of Columbus; Luther Mader, of Portsmouth; and Mrs. George Blumenschein, of Chicago. A daughter, Mrs. Elizabeth Bishop, passed away four years ago and a child died in infancy. The deceased is also survived by the following brothers and sisters: Conrad Mader and J. L. Mader. Mrs. John Rausch, Mrs. Charles Rausch and Mrs. Christopher Scheiderer, all of whom reside near Marysville, and Paul Mader, of Plain City. Three sisters are deceased.

The funeral services will be held in Trinity Lutheran church Friday afternoon, conducted by Rev. A. W. Zell. Interment will be made in Oakdale cemetery.

CLUB PLANS DANCES

Galion Dial Twisters To Open Season With Halloween Event

Galion, Sept. 3.—Another interesting season of activity has been planned by the members of the Dial Twisters, local radio and social club. At a recent meeting of the group, Harold Schierlock was elected president, to succeed Harold Much who served effectively during the past year. Joel Sames was appointed vice president; Kenneth Petri secretary and Robert Spangler treasurer. Plans for the future were discussed and as the first social event of the season, a Halloween masquerade dance was arranged with Kenneth Petri named as managing chairman of the affair.

During the past several years the Dial Twisters has become one of the outstanding social groups among the younger set and its members have sponsored a number of dances. The Halloween dance planned will be an invitation affair for 40 couples and will be chaperoned by the patrons of the organization. The dance is scheduled for Oct. 20, and an out-of-town orchestra will furnish the music.

Speculative Interest Shifts to Oil and Steel Stocks

LOAN RATE ADVANCES TO EIGHT PER CENT

Heavy Demand on Money Market Made by Banks

U. S. STEEL UP TO 156

Trading Goes at 4,000,000 Share Rate and Ticker Falls Behind

By W. A. COULINS
L. N. Financial Editor

New York, Sept. 6.—In the confusion and turmoil of an extremely active and irregular market today the shifting of speculative interest to the oil and steel stocks was the outstanding feature of the session. The banks made heavy demands on the call loan market; the rate went up to eight per cent; the mechanical facilities of the market broke down and the ticker trailed the market from 10 to 40 minutes; the professionals stirred up their speculative favorites violently and stock trading was again at the 4,000,000-share rate.

In view of the extensive forward movements of prices in the last 10 days, there was expectation in the financial district of a substantial increase in brokers' loans to be shown in the reserve banks' weekly report, and the suspicion was strengthened when the banks proceeded to call in more loans, forcing the rate to eight per cent. The usual Thursday uneasiness forced a good volume of profit-taking as the day advanced, and the bears were ready to take advantage of the situation; but, as in former sessions, offerings were well absorbed, and in many cases traders immediately shifted over to other sections of the market.

United States Steel's advance to the year's highest price at 156 was attributed to the aggressive buying of a powerful group of financiers who are acting on the assumption that the big market leader has not yet fully discounted the broad expansion in steel trade that has taken place this year. Furthermore, with record-breaking production and consumption in view and prices stiffening, the corporation's earnings in the third quarter are expected to materially increase.

LEGAL NOTICE
Notice is hereby given that sealed proposals for the reconstruction of the Township of Marion, Ohio, will be received at the office of the Township Clerk in the Village of Cleveland, Ohio, until the 21st day of September, A. D. 1934, at 10 o'clock P. M. Eastern Standard Time, for furnishing all the material and performing all the labor required for reconstruction of the Township of Marion, Ohio, in accordance with the plans and specifications therefor on file in the office of the Township Clerk, being known as the improvement of the Old River Road, said road being described as follows:

Beginning at the intersection of L. C. H. No. 111, it being the Marion and Mt. Pleasant State Road No. 36, and the County Road No. 143, said intersection being in the Village of Cleveland, Ohio; thence southerly along the center of said County Road No. 143, through Sections numbers 23 and 34 in Cleveland Township, Marion County, Ohio, to the intersection of County Road No. 103, said road being known as the Marion and Edison road and there terminating, and being a distance of about 1.5 miles.

Said work to be commenced within ten days after notice by the County Surveyor of the completion of the grading of the same by the County Commissioners and to be completed within one hundred and twenty (120) days after the commencement of the improvement.

Bidders are requested to be present at the above named time and place where all proposals will be publicly opened, read and examined, and an award made at such time and place to time to which consideration of said bonds may be duly adjourned, as provided by law.

Each bid must be accompanied by cash or certified check on some solvent bank in an amount equal to five (5%) percent of the estimated cost of the improvement, made payable to the order of the Township Trustees of Cleveland Township, Marion County, Ohio, for the benefit of said Township, which will be forfeited by the successful bidder in case they fail to enter into a contract and furnish a bond within five days from the date of award of contract.

The successful bidder will be required to give bonds in an amount equal to one-half the estimated cost of the improvement, made payable to the order of the Township Trustees of Cleveland Township, Marion County, Ohio, for the benefit of said Township, and completion of the work.

Contractors will be required to give performance and completion bonds in an amount equal to one-half the estimated cost of the improvement, made payable to the order of the Township Trustees of Cleveland Township, Marion County, Ohio, for the benefit of said Township, and completion of the work.

Dated September 12, 1934.

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

The last supply of honey-grown cantaloupes of the season was being sold on Marion markets today. The supply was low and the grade poor. A slow sale was reported.

According to dealers, growers in the vicinity of Marion have discontinued to pick melons for market because most of the home-grown variety now on the vines is "too ripe." The vines are reported to be drying up on account of the continued dry and cool weather of the last several days. The last supply being sold today, however, was being quoted at the prices set on the variety when the season was at its height. Some dealers were asking 15 cents for the best variety and 10 cents for the poorest.

With the appearance of a good supply of lake peaches late this afternoon, local dealers are expecting to lower their prices. The lake peaches are expected to be sold at \$2.25 a bushel, which will be the highest price of any now being sold in the city.

The season of Indiana and Illinois peaches, which were selling at quotations as high as \$3.50 a bushel during the last week, is nearly ended, dealers say. The western peaches have been the best grade yet seen on the local markets this season.

The price of home-grown potatoes dropped from 28 cents to 25 cents a peck in several of the Marion markets today. The price for the bushel lots was off in some markets.

Home-grown grapes found a ready market today and sold at 25 cents for a quart basket.

Red, yellow and green peppers were having a ready sale today. The yellow and red varieties were selling at three for 10 cents while the green peppers were marked at five cents each.

Prices on various products are as follows: New Potatoes, 25c pk. New Cabbage, 5c. Egg Plant, 30c & 35c. Sweet Corn, 20c. Cucumbers, 8 for 10c. Wax Beans, 10c lb. 2 for 15c. G. O. P. to Make Greatest Drive to Break Southern Barrier

HOOPER TO SPEAK IN TENNESSEE ON OCT. 6

Republican National Committee Will Lend Every Effort to Local Groups

WILL SEND SPEAKERS
Nominee Discusses Southern Situation with Taylor and Sackett

Washington, Sept. 6.—The greatest Republican effort since the Civil war to smash down the Democratic barrier of the solid south will be launched with Herbert Hoover's speech at Elizabethton, Tenn., on Oct. 6, it was indicated today.

Although Hoover has declared that the fight to capture southern states must be conducted under local leadership, the Republican national committee will lend every effort and encouragement to the local organizations in the hope of returning Hoover victories in the Mason-Dixon line. The fight in the south, the Hoover leaders felt, will suggest the favorable chances for Republican victories in the border states of Maryland, Kentucky, Missouri and Oklahoma.

Hoover personally discussed the southern situation with J. Hill Taylor, Republican leader of Tennessee, and Senator Fred M. Sackett, of Kentucky. They assured him that the Republican party has excellent chances of carrying Tennessee, a "doubtful state" in presidential years, and was certain to carry Kentucky, one of the border line states that goes Republican in election.

The Hoover leaders also were watching the Texas situation. They were cheered considerably by the statement of Mrs. J. C. Griswold, Republican national committeewoman from Texas, that Hoover had a "good chance" to carry the "Lone Star" state.

To send speakers to the organization.

Mrs. Griswold told of the organization.

READS SERVICE
Wayne Pastor Officiates at Wedding of Caledonia Girl

Caledonia, Sept. 6.—The home of Mr. and Mrs. Hayes Holland, south of here was the scene of a pretty wedding Tuesday evening when their younger daughter, Frieda, became the bride of Miles R. Babcock, of Wayne, O.

The couple entered the living room while Miss Ilo Spring played "The Wedding March" from Lohengrin after which Rev. J. C. Lohengrin, of Wayne, performed the double ring ceremony. The bride party stood before a bank of yellow and white flowers.

The bride wore a gown of yellow georgette, combined with tulle over white satin, and carried a bouquet of white roses and larkspur. Little Betty Jane Pickett, her niece, who acted as ring-bearer, wore a dress similar to the bride.

Following the wedding the bride's mother served a dinner to the 40 guests present. A color scheme of yellow and white was carried out in the appointments. Out-of-town guests were: Mr. and Mrs. William Babcock, Mr. and Mrs. O. A. Babcock, Mr. and Mrs. Walter Logan, Mrs. R. E. Johnson, the Misses Edna Babcock, Alma Babcock, Velma Hovis, Doris Babcock, Donna Louise Babcock, Phyllis Mary Logan, and A. T. Babcock, all of Wayne, O.; Mrs. W. A. Frost, of Belding, Mich.; Max M. Frost, of Detroit; Miss Catherine Miller, of Columbus, and Glen Wymer, of New Baltimore.

Wednesday morning the bride and bridegroom left on a wedding trip in motor through Kentucky and West Virginia.

HAS EUGENICS BABY
Kate Pullman, Actress, Becomes a Mother; Shows Father's Identity

Chicago, Sept. 6.—"Convention? What do I care for conventions?" That was the challenge laid down to a "canting and carping" world today by Chicago's eugenic mother, "discovered" yesterday with her new born babe at German Deaconess hospital.

She is Miss Kate Pullman, 27-year-old actress, once the wife of Edward Smith, New York vaudeville actor. She proudly proclaimed the cooling little bundle in her arms the "perfect boy" baby, a eugenic marvel.

Miss Pullman declined to name the baby's father, but admitted he was a Cincinnati business man.

CITY BRIEFS

Attend Conference—Dr. J. D. Darling, former pastor of Wesley M. E. church, and the Rev. and Mrs. M. E. Blumert, of Belmont st., are attending a joint meeting of the West Ohio and Ohio conferences of the Methodist churches, being held at Springfield this week.

Undergoes Operation—Miss Esther Wedert, daughter of Mr. and Mrs. Harry Huston, South Main st., who underwent an operation for the removal of her tonsils at City hospital yesterday, was removed to her home last night.

Going to Conference—Robert Bush, Summit st., and Elmore Bush, East Center st., junior delegates from Epworth M. E. church, accompanied by George W. Bacon, lay delegate, will leave Friday morning for Springfield, O., to attend Friday and Saturday sessions of the M. E. conference.

Taken to Home—Ed Griffith was removed from the Dr. Frederick C.

Smith estate, East Church st., to a home in Prospect yesterday in the M. H. Gunder invalid car.

Tonsil Operations—The three children of Mr. and Mrs. Harry Hildebrandt, of Mauch, O., underwent tonsil operations this morning at City hospital. They were Trent Hildebrandt, aged 9 years; Irene, 3 years, and Dale, 20 months.

Permit Issued—A permit for construction of a garage to cost \$75 was issued to J. W. Higgins, 224 Forest st., by City Clerk H. H. Keller yesterday afternoon.

Parts Made—W. S. Arthur, 643 North Main st., reported to police today that some one entered his garage last night and escaped with two tires, rims and tubes.

Motorcycle Stolen—Report of the theft of a Harley Davidson motorcycle owned by Wayne Berry, 625 Wood st., from the parking grounds at the Marion Steam Shovel Co., some time yesterday, was made to police headquarters late yesterday afternoon. The motorcycle carried Ohio license No. 8478 and engine No. 221D4321.

Truck Drivers Fined—C. Kellogg and John Lehner, of Marion, were each fined \$10 and costs by Judge W. R. Martin at a hearing in municipal court yesterday when they pleaded guilty to the charge of overloading trucks they were driving. The two men were arrested by Deputy Sheriff Vane Ireland yesterday morning.

Some Hoover Money May Be Used in Campaign of Smith

WASHINGTON, Sept. 6.—Some of the Hoover money may be used to help finance Gov. Al Smith's campaign.

This was indicated today with the announcement of Mrs. Francis Berger Morse, from whom the Hoover headquarters in Massachusetts av. is rented, that she intended to vote for the Democratic nominee.

Mrs. Morse explained she rented her 50-room house to the Republicans to help her grandson, Jack Hildkins, "swing a deal."

"I told Jack to go back to Republican headquarters and tell them I was renting the house because I needed some cash to buy a limousine, and I also told him to vote for Al Smith."

Mrs. Morse, 83-years-old, is Virginia.

Beginning tomorrow, Friday, Nelson Bros., Marion's leading jewelers, will launch the most unique sale event, we believe, in the history of Marion County. We promise it will be a merchandising spectacle without parallel, something that all who attend will remember with pleasure as a profitable visit to this store. This departure from our usual every-day selling activities, the present sale—or what may better be termed as an intensive selling campaign, is the first of its kind ever attempted in this vicinity. It is needless to dwell on the high character of the Nelson Bros. establishment; this store has always stood for all that is honorable in dealing with the public and the quality of Diamonds, Watches and Jewelry handled is indisputably the very finest. Naturally we want to make it worth while—the success of this event will be the means of making new friends and customers and cementing the good will of the old ones as well. With this in mind, we have made elaborate preparations—the entire stock has been gone over and our usual conservative prices have been cut down to astoundingly low figures, presenting attractions of a nature unheard of in a high-class Jewelry Store.

WE SINCERELY URGE EVERYONE TO ATTEND! WE GUARANTEE YOU'LL NOT BE DISAPPOINTED.

The Menace of Organized Crime.

In the event that District Attorney Monaghan makes good his prediction that organized crime is a menace to the public mind, the city of Marion, Ohio, will be in a position to charge such a close connection between organized crime on the one hand and official corruption on the other as has been charged in Philadelphia.

The conditions which are said to exist in Philadelphia have been held similar to those attributed to Chicago, which have brought the latter city so low in public esteem, and there is some difference. The chief cases of Chicago's corruption have been a close succession of murders, the majority of them having been cases where the gangsters played upon each other. There have been charges of police corruption, charges that her courts have been influenced by political pressure, charges that there has been collusion between some of her police and the gangsters, rum-runners and bootleggers responsible in great degree for her bad name. But while the Windy City's murder record is not to be denied, it may be said that up to the present, at least, those investigating crime conditions there have not been in position to charge such a close connection between organized crime on the one hand and official corruption on the other as has been charged in Philadelphia.

The bulk of Chicago's crime has been laid at the door of her gangsters, her rum-runners and her bootleggers, as previously stated, but has not been alleged to have extended to her citizens held decent and respectable by general repute, and if any sum of money has been traced to any official high in her police department, the story of it has escaped our attention.

In the Philadelphia case, District Attorney Monaghan has in his possession records which he asserts not only show that the enormous total of \$10,000,000 has been paid out by the liquor ring there in the last seven years, but also discloses the names of high police officials—parties to the corruption. He claims to have evidence that one high official received \$200,000 in one month from the liquor interests, and that detectives and patrolmen were paid from \$50 to \$500 a month "to look the other way," as he puts it, when rum-runners were passing. Not only this, but there is the implication that several citizens of high repute in business life know more of the corruption which exists in the Pennsylvania city than they should.

Something like three years ago the statement was made in these columns that the greatest problem facing this country was that of crime; that crime conditions were becoming such that soon the situation would be one to menace all rights of person and property, all law and order, and government itself; that crime was building up an organization which unless it were checked, would soon be an influence in the control of the forces on which we depend for the preservation of law and order. The three years last passed have offered nothing to change that view, and much to strengthen it.

Down in New Zealand, any motorist caught driving with one arm around a woman companion is forced to surrender his license, and they do say the New Zealand girls have become wonderfully expert drivers.

A star has just been discovered, the light from which, traveling 186,000 miles a second, has taken 1,600,000 years to reach us. And some people are foolish enough to believe that the universe was produced for us here on earth alone!

A wire tells of the slaying by burglars of a Harrison, New Jersey, "bartender." And out here in this law-abiding heart of the garden spot of the world we in our innocence imagined that the bartenders passed out with the saloons!

President Ben Turner, of the British Trade Union congress, bemoans the fact that the workers of Great Britain are spending \$3,000,000,000 annually in drinking and gambling. That isn't a marker to what the workers of the United States expended for liquor till Mr. Volstead's "iniquitous affront to personal liberty" brought about the revolution which caused them to buy and pay for homes and automobiles and radio sets and put out on interest what money they didn't expend for the enjoyment and happiness of themselves and their families.

A London woman was assessed \$29.85 by a court over there for usurping the seat of another woman when the latter arose to watch a dog race at the Wembley stadium. Good manners usually pay anywhere, and it's a cinch they do over in Great Britain.

Amelia Earhart, the first woman to fly across the Atlantic, who crashed a few days ago, was forced down Tuesday near Cuba. Missouri Amelia performs more brilliantly, apparently, when she takes a pilot along.

The claim of the last of the contestants has been dismissed and the much-contested will of Lotta Crabtree, disposing of her estate of over \$3,000,000, has been admitted to probate in Suffolk, Massachusetts, which is as it should be. Any woman with brains enough to accumulate an estate of over \$3,000,000 as an actress should be assumed to have known enough to dispose of it.

The Democratic candidate for congress in the Tenth district of Pennsylvania has withdrawn, asserting that Governor Smith's telegram to the Houston convention and his notification speech challenged every dry in the country. The governor's witness may have been the impelling cause of the nominee's withdrawal, as he holds out, but it's worth keeping in mind that the Pennsylvania delegation in the lower house of congress is made up of thirty-four Republicans and two Democrats and that the Tenth district isn't represented by one of the two exceptions.

THE NEGLECTED THOROUGHFARE.

Don't Worry About Blood Pressure.

BY ROYAL A. COPELAND, M.D.
Here comes a letter from Florida, asking for an article on high blood pressure. This is one of the permanent symptoms of worry. Nobody can long resist the evil effects of steady worry. Sometimes high blood pressure is one of its chief effects.

Then, when there is added to the original cause of worry the fear of high blood pressure, we are dealing with a bad combination. Unfortunately, there is widespread anxiety over this symptom. Too many persons have come to believe that it leads to other diseases and, on the whole, it tends to unhappiness. No everybody dreads it.

Hardening of the arteries is one of the most important causes for increased blood pressure. Of this, a great doctor has said it is "like gray hair, with which, but not because of which, we die."

If you will remember this, you will have no terror of hardened arteries and high blood pressure. They are merely symptoms of advancing years, just as gray hair is.

Of course, some old people do not grow gray and some persons do not get high blood pressure. But such persons are the exception. As we grow old our blood vessels are likely to get harder. We are not unlike vegetables after all; we get tough as we grow old.

Of course, hardened arteries and high blood pressure may become the cause of disease, and more or less serious trouble. It depends on what part of the organ of the body becomes affected.

But nature is kind. As a rule, she gives us warning by sending a mild attack or two before there is any real menace to life or usefulness. Many a person has had hardened arteries and high blood pressure for fifty years and never suffered a single moment because of them.

Diet of the wrong sort may be a factor in the production of hardened arteries. Great care, not only of meat, but of all other foods, are apt to have this trouble. Thus, as particularly true it obtains and chronic constipation exists.

If a careful physical examination shows that the blood vessels of the brain, heart, or kidneys are hardened and at the same time the blood pressure is unduly high, it is well to be careful. You should lead such a life as not to bring sudden strain upon the vessels which might break.

Strenuous work, the avoidance of violent outbursts of anger and other emotions, temperance in eating and drinking, are indicated. Overexertion, fatigue, worry and loss of sleep are to be avoided. Even if your blood pressure is high and your arteries are hard, do not give up your work, whatever it is. Go forward, confident that sensible living will do you no harm. No man need worry about what his blood pressure is.

A. T. Q.—What is the cause and cure for ringing in the ears?
A.—This trouble is often due to nasal catarrh, which has extended to the middle ear. The underlying catarrhal condition must be corrected. For full particulars send a self-addressed, stamped envelope and repeat your question.

J. M. Q.—What should a boy aged twenty-two, five feet seven inches tall, weight about 150, have feet three inches tall?
A.—They should weigh respectively, about 135, 115 and 125 pounds.

E. L. Q.—What can be done for a thumping in the ear?
A.—This may be due to a catarrhal condition. First of all, keep the nasal passage clear. For further particulars send a self-addressed, stamped envelope and repeat your question.

P. G. Q.—What would cause an ice-cold, dead feeling in my leg from hip to foot—also pain?
A.—A circulatory disturbance and neuritis. Massage and application of heat should give relief. In severe cases, however, the circulation will prove the health in general and the circulation will improve. For further particulars send a self-addressed, stamped envelope and repeat your question. PRINCE OF WALES TO
MAKE AFRICAN TOUR

WM Hunt Big Game in Wilds
with Brother; Has Political
Mission

London, Sept. 6.—The Prince of
Wales, accompanied by his younger
brother, the Duke of Gloucester, leave
England today for a four months' tour
of Africa. The royal couple will hunt
big game and explore the lesser known
regions of central and southern Africa,
but the journey also has political sig-
nificance. The two princes are ex-
pected to strengthen British prestige
in Africa which has drawn away from
the mother country since the war.
It was explained that the tour was
somewhat in the nature of a holiday
for the Prince of Wales after the ex-
haustion of the London season.
The prince twice before has visited
the African continent, but never the
dangerous central country, where wild
game abounds.
The two princes are traveling over-
land from the French coast to
Marseilles in the south of France,
where, tomorrow, they will board the
liner Kaiser-Hind arriving at Port
Said, their debarkation point, Sept. 12.

Streets of Marion

WITH STAR STAFF
EXPERT WITNESS

It is generally conceded that weather-
men are on the job to see people
predictions as to whether the ball game
will be played the next day, or whether
it's going to rain and spoil the gar-
den party.

But Mr. E. H. Rappensperger, local
weatherman, has put the position on a
higher plane. He has figured, as official
weather observer, in about five of the
most interesting lawsuits in the county.

One of the most interesting cases was
years ago, when he and a prominent
Marion lawyer defeated another just as
prominent a lawyer in what looked like
the time to be a losing case for their
side.

A demented boy, who upon his father's
death had been given into the care
of an older brother, after five years at
the farm home of his relative decided to
put in a bill for his services on the
farm. Day by day or the five years
he related what he had done around
the farm and totaled the list. The
sum was large and would have meant a
burdensome expense to the older brother.

The lawyer employed by the brother of
the boy at first was at a loss as to
how to proceed, so as to win his case.
Obtaining a copy of the list of dates
and the labor done, he visited Mr. Rappensperger's office and together they
went over weather reports for the five
years. Some of the dates the boy said
he had hauled corn to town proved to
be Sundays, and in other instances he
had listed work in the fields on days
when the weather report showed ter-
rible downpours. Together the lawyer
and the weatherman tore down the evi-
dence, date after date.

On the day court was held Dr. Rappensperger showed his records, positive
proof that the boy had not done the
work on the days he had mentioned.

The boy, being of an extremely reli-
gious nature, was shocked to think
that he could possibly have made errors
showing that he had worked on Sunday.
The case was easily won for the de-
fense and the defeated lawyer declared
that never again would he take a hand
in a case where there was any chance
that the weather might have something
to do with it, without first consulting
the aid of the weatherman.

GARAGES BUSY
NOT all automobile accidents occur-
ing in Marion and vicinity are
recorded in the newspaper accounts.
There are numerous minor traffic mis-
haps in which no one is injured which
never get space in the public print. The
amazing extent of these unrecorded
wrecks was indicated several days ago
by the proprietor of a local garage who
estimated that on Labor day and the
two preceding days at least 50 cars
were damaged in traffic mishaps in this
locality.

He based this figure on the number

KONJOLA ENDED
SIX YEARS OF
TERRIBLE AGONY

Spent Over \$1,000 in Vain
Efforts To Relieve Stomach
Miseries

MISS IDA HOWARD

"You might know how grateful I am
to Konjola because this medicine
brought glorious health to me after I
suffered almost unbearable pains for
six years," said Mrs. Ida Howard, 655
South Kilmer Street, Dayton, Ohio.

"For six years every meal was fol-
lowed by gas bloating and pains in the
pit of my stomach that debilitated me.
I would only get relief after vomiting
all that I had eaten. Night after night
I was forced to sit up in bed, the only
way for me to obtain rest.

"I tried Konjola on the recommenda-
tion of others and the very first bottle
relieved me. The second bottle brought
still greater improvement and I am the
happiest woman in the world to tell you
that with the third bottle came com-
plete restoration to health. The joy
of suffering is absolutely ended
and I owe it all to Konjola."

Konjola is different from all other
stomach remedies in that it does not
cause drowsiness or other side effects.
It is a purely natural remedy and
completely safe.

of milk received at his place of busi-
ness from outside who experienced
trouble through one cause or another.
His own garage answered about 10 num-
bers for help and he argues that
others in the city were proportionately
busy.

The damage to machines in trouble
ranged from minor proportions to more
serious mishaps which cost the car own-
ers substantial sums.

RELIEF AT LAST
SWARMS of blackbirds which have
been pestering various residential
sections of Marion where shade trees
furnished convenient roosting places are
gradually disappearing. Their departa-
re is not welcomed by residents of the
infested districts, even though some of
them may be bird-lovers.

For more than a month the birds of
darky hue, numbering up to countless
thousands, took up their nightly abodes
in favorite trees and added tremendously
to Marion's list of insomnia victims.
They will return next year but will
not be welcomed with open arms. More
likely there would be a reception com-
mittee armed with shot-guns, if use of
firearms within the city limits were per-
mitted. Guns will frighten the birds
away for a night or two, but blackbirds
apparently have short memories. They

almost invariably return and often
bring new recruits with them.

Residents of localities who have had
experience with the blackbird invasion
declare that any one who invents a de-
vice for solving the problem is not likely
to be prosecuted by the humane so-
ciety.

BATH FOR LIZZIE
IN case you run low on eastern water
and can't decide whether to prepare
for a trip by taking a bath or washing
the car, try the method found success-
ful by a farmer residing near here.
We don't know that he was low on
eastern water—or just what his motive
was—but anyway, farmer, wife, daugh-
ter and son were seen Labor day wash-
ing the family Ford in a creek and
north a convenient bridge.

The Ford didn't seem to mind
standing in muddy water to its hub of
farmer and assistants in rubber in
and overall piled washcloths
chamoon slaps to its sleek black sides.
Gossip travels more slowly among
new, but it travels.

THE CONSTITUTION will be the topic of discussion at the opening meeting Sept. 12, of Captain William Hendricks (Chapter of the Daughters of the American Revolution at the home of Mrs. Will Hunt of Duell). Mrs. J. E. Smith will read a paper on the topic and Mrs. C. L. Rutherford will sing several patriotic selections. Mrs. Hunt, Mrs. William Drake, Mrs. Fred Hark and Mrs. William E. Titus will be hostesses.

Bridges and Showers

Miss Helen Bonner, Miss Ethel Richardson and Mrs. Fred R. Morris entertained with a bridge and shower last night at the home of Mrs. Morris. 143 Baker st., for the pleasure of Mrs. Bryant Corwin, formerly Miss Zina Weidner, and Mrs. Virginia Johnson. Three tables were filled for bridge, first luncheon being presented by Mrs. Shaw and second honors by Mrs. Lewis Thompson. Yellow daisies and asters formed an attractive pink and blue combination. The of the bride's colors, were used in the appointments for the two-course luncheon served by the hostesses. The brides were each presented a gift from the L. M. R. club, of which they are members. The guests included the

brides with a kitchen shower, the gifts being given from a kitchen cupboard. Mrs. Guy Hunter, of South Bend, Ind., house guest of Miss Helen Bonner, was an out-of-town guest. Others included Mrs. Corwin, Mrs. Shaw, Mrs. F. E. Maugens, Mrs. Harry Corwin, and Miss Helen Richardson, Leona Thompson, Helen Roberts, Mayo Gibson and Ruth Ann White.

Newport Wedding Announced Today
Miss Winifred Ellen Peddicord, daughter of Mr. and Mrs. W. E. Peddicord, West Columbia st. and Alfred Baker, son of Mrs. Zou Baker, Pearl st., were married Sept. 1, in Newport, Ky. At present they are living at 471 West Columbia st. Mr. Baker is employed in the offices of the Marion Steam Naval Co.

Marriage Announced Received by Relatives
Mr. and Mrs. John Maloney, 223 West Columbia st., have received formal announcement of the marriage, Aug. 24, of their nephew, John Benjamin Maloney, of U. S. K. California, to Miss Stella Margarette Boats, of Alameda, Cal. Mr. Maloney is well-known in this city.

Sunbeam Club at Gandy House

The first meeting of members of the Sunbeam Embroidery club since July was held yesterday afternoon at the home of Mrs. John Gandy, Pearl st. The time was spent socially and with needlework. Mrs. E. O. Crain was enrolled as a new member of the club.

Suffered 8 Years With Eczema

After Other Remedies Failed, Ends Skin Trouble Quickly This Simple Way

"You may be interested to know that for about 8 years I was suffering with a skin trouble I called Eczema. It affected me in two different parts of my body. A short time ago I noticed your ad in a newspaper for Peterson's Ointment. I purchased a box. I must admit that I have tried almost every known remedy and failed. I will proudly admit that your remedy has proven the best and has not been half an hour yet."—Ray O. Neuber, Augusta, Me.

Other remedies may fail, but the success of Peterson's Ointment is so certain that druggists all over America are glad to recommend it for eczema, pimples, acne, ulcers and all skin eruptions—35 cents a box—at your drugist.—Adv.

Itchy Eruptions Caused Great Pain Cuticura Healed

"Some time ago red, large pimples broke out on my face, arms and neck. The pimples were so severe that I could not work. I tried many remedies but they did not seem to help any. I saw in the paper an advertisement for Cuticura Soap and Ointment and within a week the eruptions began to improve. I purchased more and in about ten days I was completely healed. The doctor told me that I had Eczema. I am now well and happy. I am Mrs. E. M. Davis, R. 1, Franklin, N. D., Feb. 7, 1934.

"Use Cuticura Soap daily for the skin, followed by Cuticura Ointment when required, and have a clear, fresh complexion, free from pimples and blackheads."
